The Royal Rooms, near C. P. R. station, main street, Vulcan, Rates 75c. and \$1.

We have some good houses splendidly located for sale. Flood, Whitcher & Elves.

Mr. and Mrs. George Bittorf have gone on a trip north and will visit with their son in Edmonton.

November 8th can well be called Red Cross day in Vulcan, for on that date the appeal for support of the organization will be made by Mrs. Conquest. Everybody is invited to assist in promoting a successful public meeting on this occasion.

On the occasion of their return to the old country, Germany, Mr. and Mrs. Henry Horn, of the Reid Hill district, were made the guests of honor of a surprise party, held at the home of Mr. Al Fitzpatrick, and organized by neighbors and other friends as a mark of esteem for respected residents and to wish them a safe and pleasant journey. The party was a most enjoyable event.

The Thigh Hill Women's Institute were hostesses to the members of Vulcan W. I. on Thursday afternoon, October 18th, at the home of Mrs. Carl Dole. Thigh Hill W. I. were hostesses to Reid Hill and Kirkcaldy W. I. on Wednesday afternoon, October 24th, at the home of Mrs. W. J. Robson. The guests enjoyed a program of music, contests, a short talk by Mrs. Martin, Constituency Convenor, and a delicious luncheon. All report a very enjoyable afternoon.

The regular services at the Church of Christ, Sunday, October 28th. At the morning service the pulpit will be supplied as the minister will be at the Broadway schoolhouse for services. In the evening we will have the first meeting of the Christian Endeavor to organize the new society. The meeting will be called for 7:15, please be on time. The minister will be present in the evening, and present the subject "What Think Ye of Christ?" We will have the usual good song services and extend an invitation to the public.—O. P. Burris, Minister.

The regular monthly meeting of the Protestant Federation of Patriotic Women of Canada will be held in the school room of the United Church on Tuesday, October 30th.

Dancing and cards, and a most exquisite supper, were the features of the social night under the auspices of the local chapter of the Eastern Star held on Friday last. It was the first function of the kind under these auspices, and delighted guests will anticipate the next favors from this quarter.

Recent local improvements which have been started, include the building of a house for Mr. George Monkman, being a considerable addition to the premises which he has occupied for some time. Mr. Monkman has purchased a number of lots which adjoin his premises, and in time these will be the sites of new houses.

It can now be said that Vulcan has a line of nine elevators, the last of the number, Pool No. 2, going into operation on the first day of the week. Requests come to Vulcan for pictures of this record row of grain houses, which are ready at any time for the photographer.

Master Clarence Pleasants is a lad of ten who has made his appearance in several bouts in connection with the boxing shows promoted locally, and he deserves special mention. He is not big for his years, but has gameness that is demonstrated in his performances, and he has never yet been matched with a lad of his size. He has good style and is acquiring the tricks of the game, and in time to come he has promise of getting a place in the main events.

Workmen are making another exit in connection with the Odd Fellows' hall. This is being done on the order of the government inspector of public buildings and the lodge owners at once comply in providing added protection to patrons of the place. It is better to be safe than sorry, and certain it is now with three ways out that a hall capacity of people can make an exit in a minute. There never has been any fire menace in connection with this particular building.

A. G. Spooner, president of the Vulcan Oils, Limited, and of the Spooner Oils, Limited, was in Vulcan recently and presided over a directors' meeting of the former company. The meeting was called for the purpose of making definite arrangements with regard to making use of the diamond drill which has just finished operations at the Spooner No. 1 well in Turner Valley. The drill will be transferred to the Vulcan No. 1 at once. It is also the intention of the directors to deepen the hole, it was reported. Mr. Spooner stated that Spooner No. 1 is a fine well and is now to be placed on a production basis. It produced over 45 barrels a day in September, and expectations are that amount will steadily increase.

LOCAL NEWS ITEMS

There has been an increase this week in the staff of the Vulcan branch of the Bank of Montreal, the addition being Mr. Ralph Featherstone, one of our town boys.

Born, at Mrs. Speer's hospital in Vulcan, on October 23rd, 1928, to Dr. and Mrs. H. P. Barker, a son. Died on October 24th, infant son of Dr. and Mrs. H. P. Barker.

The distinction of having delivered the first load of wheat received at the new Pool elevator, No. 2, goes to Mr. Bruce Roe, who was lucky in his draw from the hat which secured him the privilege that went to only some twenty-odd men that was wanted by more than sixty.

The appointment of Mr. Joe Kozczynski as dispenser at the university hospital, Edmonton, is just reported. This is a recognition of merit and an honor which comes to the high man of the class. Vulcan will appreciate the success which has again been attained by one of our town boys.

They have decided at Granum to call a public meeting to determine the hockey proposition. This move is given local interest by the report that Mr. Johnny Dorsey, last year with the Vulcan team, will this season be with Granum. It will be remembered here that Granum had a fast-going bunch.

The installation of the heating plant improvements in connection with the Pyramid Motors garage has necessitated the building of a new brick boiler house at a cost of a thousand dollars. The furnace and boiler are also new and will complete a system that assures the heat required in such a place.

The next regular meeting of Vulcan Women's Institute will be held at the United Church parlors, on November 2, commencing at two o'clock. An interesting program will include a demonstration of flower making by Mrs. Wm. Campbell. Quotations from Canadian writers are to be given in answer to roll call.

Option of purchase has been given by the owner on the premises, on the corner opposite the depot, now occupied by Mr. Gordon Wharry and family. The option was secured on behalf of one of the important oil companies now being well established in the province, and the intimation is that on the site there will be erected a large and modernly-equipped service station. This paper has no positive authority for this report. It is a fact that this particular property has lately been under survey by different parties contemplating business enterprises. All this is the evidence that Vulcan is commanding attention as a business centre.

Mrs. Charles Hampton, international lecturer for the Theosophical Society, is on tour of Canada at the present time, and will deliver a free public lecture at the Odd Fellows' hall, in Vulcan, on Monday night, October 29th, commencing at eight o'clock. "Incandescent Souls" will be the subject. Mrs. Hampton presents her subjects in a form devoid of technicalities and speaks of the two great fundamental truths of Theosophy, re-incarnation and karma in a simple and practical manner. Those interested in new thought and educational methods, will be pleased to hear Mrs. Hampton on a topic relating to progressive educational ideals of the younger generation. Born in Holland, English by marriage, Mrs. Hampton has lived in many countries and as she speaks several languages has been in a position to contact progressive thought first-hand wherever she has been. In later years Mrs. Hampton has lectured extensively in the United States and given her support to progressive school experiments in Southern California.

Married, at Hallock, Minnesota, on October 21st, 1903, Mr. and Mrs. Frank Keiver, now of Vulcan. The twenty-fifth anniversary of this important event in the lives of our esteemed citizens was celebrated in a surprise manner on Sunday last. Friends of theirs dropped in upon them unannounced, and when they had feasted and made merry, presented the gift of a beautiful silver electric coffee urn. The party included, Mr. and Mrs. A. D. Irvine and Mr. and Mrs. A. W. Rae and family, Calgary; Mr. and Mrs. H. B. Robinson and family of Calgary; Mr. and Mrs. P. Bruhn and Mr. and Mrs. W. Allan of Stavely; and Mr. and Mrs. F. W. Ritchie and Mr. and Mrs. D. A. Anderson and family of Chesholm. Mr. and Mrs. A. G. Martin of Vulcan, whose wedding anniversary is on the same date, were made guests on the occasion, and share the good wishes which the party so well expressed, and in which the citizenry of town and country will heartily join. Mr. and Mrs. Keiver came to Alberta following their marriage, spent several years in the northern part of the province, and after a residence of some nine years in Stavely came to Vulcan about eight years ago.

LOCAL NEWS ITEMS

Born, at Mrs. Speer's hospital in Vulcan, on Wednesday, October 27th, 1928, to Mr. and Mrs. Felix Strauss, of Champion, a son.

There was a time when one of the rules of baseball was "Over the fence is out." If Babe Ruth had lived in those days he'd have been out of luck.

Even though there is one born every minute, the greatest sucker of them all is the man who thinks he can commit a crime and get away with it.

The house on the main street south recently completed by Mr. Jos. Louiselle, has been purchased by Mrs. Marshall, senior. The premises are under lease at present, and occupation by the new owner will not take place for some time. The transaction again indicates the maintained demand for homes in Vulcan.

Two barrels of canned fruit and jam and the like, making in all about one hundred quarts, were shipped this week from Vulcan to the Wood's home at Calgary. These were the gifts of ladies of town and country, and they go to a most worthy institution which is just now before the public in a drive for financial support. Vulcan ever remembers the Wood's home.

A harvest festival will be held next Sunday in the United Church. Rev. T. Feakney, B.D., of Knox Church, Lethbridge, will be the speaker morning and evening, and will speak to the boys and girls at the Sunday school session. Special music will be rendered by the choir. A special thank offering will be taken at each service. You are cordially invited to attend these services.

Mr. James Bagley and Miss Greta Lowe were principals in a marriage which took place at the manse in Vulcan on Saturday evening. Rev. J. N. Brunton performed the ceremony. The groom is a young man who came to Vulcan this summer and has been employed on construction at the new memorial hall. The young lady is a recent arrival from Ireland. The event is the consummation of the friendships of youth in the old land, and though not perhaps as yet well known in town, they will have the best wishes of the citizens with whom they join as residents.

Municipal authorities and the police have taken cognizance of the menace created by children who are permitted the possession of matches. Recent occurrences have given rise to the determination of officials to have this matter closely checked up, and prosecution of parents or guardians in all cases, follow the discovery of children with matches. Luckily the loss from the cause suggested has been little, but there has been occasion to estimate just what might have happened. This item is authorized by those who mean business in the matter of eliminating the menace described.

Members of the Good Deeds Women's Institute met at the home of Mrs. J. Deans, on October 18th, and the meeting opened with the saluting of the flag, singing the anthem and repeating the creed. Roll call elicited witty and interesting answers as to "how to manage our husbands." Institute decided to make a donation of ten dollars to the Wood's home as a contribution to the drive that is now on. Miss Ruth Heslip was the winner of the necktie quilt, the draw being made by little Miss MacMaster. It was decided that the institute hold a tea and bake sale at the Vulcan church parlors, from 2:30 to 5:30 p.m. on October 27th. Dinner lunch was served by the hostess. The next meeting will be held at the home of Mrs. E. Lilly, on November 8th, and favorite poets will be recited in answer to roll call.

Time only is required now for the consummation of a business deal in Vulcan that will go on record as one of the big transactions. Mr. A. L. Burrows has contracted the sale of his automobile business and stock to Mr. Daniel Duncan of Calgary. The information is that the building, and premises will be retained by the owner and these will be secured by lease to the purchaser of the business. Mr. Burrows has in turn purchased a like business in Edmonton and when the details of both transactions have been completed he will remove to the capital city. One change creates another and together they indicate the big measure of success in business which has come to Mr. Burrows since his establishment in Vulcan, and his venture in a new field will have the good wishes of his friends here and elsewhere. Mr. Duncan is a man of many years business experience and will come to Vulcan with a welcome extended to all good citizens. The Advocate has not had definite or detailed information from the parties to this important transaction, but when the transfers have become a completed fact these columns will contain the other particulars of such an extensive deal. In the meantime service and business goes on as usual.

LOCAL NEWS ITEMS

Born, in Vulcan, on October 11th, 1928, to Mr. and Mrs. Larry Greene, a daughter, 9 1/2 lbs.

Miss Helen Craig returned from a Calgary hospital to her home here this week. It is time to report that her convalescence is much improved.

Cards are being issued by the United Church for a congregational banquet, to be held in the Odd Fellows hall on November 1st. A feature of the event will be an address by Rev. Dr. Kirby, of Calgary.

The annual meeting of District No. 11, A.F. and A.M., will be held this year in Vulcan, and will take place in the Odd Fellows hall on November 28th. Sessions will be held on the afternoon and evening.

Mr. R. K. McLean, B.C.O. of Amherst, N.S., and special agent, 2008 Eighth Avenue, West, Calgary, writes to announce his semi-annual visit to the King drag road, Vulcan, on Saturday, October 27th, and on Sunday, November 1st.

The new coal dock on the K.C.P. track at Vulcan has commenced operation some two or three weeks ago, and is operated by Mr. J. H. Hender. The coal is elevated and the loading of locomotive tenders is quickly accomplished by the simple operation of pulling a control cord.

The return to Vulcan this week of Mr. Fred Allen will secure to the band a bass player of exceptional talent. Mr. Allen is certainly a master of the instrument, and he made a big contribution to the winning of the honors secured by the band in the recent provincial competition.

St. Aidan's Church services, Sunday, October 28. Sunday school 10 a.m., matins 11 a.m., evensong 5:30 p.m., service at the way side chapel at 3 p.m. The postponed social meeting will be held this evening, and all vestrymen will please be present.

Mr. Frank Jackson, who has earned popularity as a boxer in Vulcan during the period of his residence here, has gone to his home in Winnipeg. Frank has a wonderful combination of pleasing modesty and artistic ability, and this has made him a favorite with boxing fans. He has a couple of engagements at Winnipeg and Port Arthur between this and Christmas. He left here in fine shape and with good wishes for his success. He intends to return to Vulcan.

Vulcan town council, at a meeting held this week, following the discussion of a communication from the provincial health department, gave endorsement to the scheme for the establishment of what is designated as a health district. Particulars of the plan have before to some degree been presented in the columns, and it will be the purpose of the publisher to disseminate all information regarding same. Vulcan is included in the proposed district, the first to be established in the province, and the yearly cost to the town is figured at approximately \$280. The per capita tax over the entire district is calculated at 36 cents. The public meeting held in Vulcan some time ago for the discussion of the health district scheme was not well attended, and consequently the idea is perhaps not well understood. This matter is of importance to every citizen and should create in the people an interest sufficient at least to become informed.

The boxing shows are over for at least a period, and the last has been pronounced by many as the best promoted by the Canadian Legion. Brevity is a necessity in reporting this event, and certain it is that it was a great show, and the attendance lacked but a few of the record crowd of two weeks previous. Maxie Pleasants and Chino, two smart fellows opened the show, with a draw. Billy Trexton of Vulcan and Ted Topping of Calgary went three rounds in an interesting exhibition. Dan Brown of Vancouver and young Edwards went four rounds, and the contest was a draw. Fred McIntosh was the principal of the semi-windup. This event was remarkable for its strenuousness, two good-sized men putting all they possessed into terrific battle, which was decisively won by McIntosh. The main event, which was the crowd meeting of Mel Cowie, the champion, and Frank Jackson, produced what was the best fight encounter ever staged in Vulcan, and what better could it be with two of the best boys well matched, and going the twelve rounds at a lively clip and to a draw. Cowie, with undisputed talent, maintained his place in the esteem of the fans, and Jackson demonstrated a knowledge gained from his previous engagement with the champion sufficient to secure for him a well-earned draw. This was the first twelve-round bout that has been staged here, and it was proof of the fine condition of both contestants. It was a mighty good show, and there were ring celebrities there in numbers, but more will be said of the boxing game in Vulcan at a later date.

A Profitable Habit

REGULAR saving soon becomes a habit—one that is just as hard to break as any other—but one that is profitable, for it increases with interest and leads straight to greater comfort and happiness—to assured independence at a time when you will desire this above all things.

Save regularly—at a bank, where your money is safe, steadily increased by interest, and always at hand to help you if you need it.

Vulcan Branch, L. A. Wright, Manager

NOTES AND COMMENTS

(Col. Hugh Clark)
Musical note—No man ever got a reputation for a bass on bawls.
China will not join the League of Nations. Chinamen have no stomach for fighting.

Men will never go in for face-lifting so long as the present style of women's skirts remains unchanged.

Girls save a good deal of time by not having to do up their hair, and time means money—for the barber.

Arctic exploration by airplane demands that some poet write a hymn entitled "Rescue the Rescuers," as a companion to "Greenland's Icy Mountains" and "Rescue the Perishing."

Some people take politics seriously. One man in the United States turned off the world series to listen to an Al Smith.

The Toronto Globe demands the retirement of the Postmaster General. In legal phraseology it moves for a change of Veniot.

Talkie-movies will mean a bunch of new stars but there is compensation in this. It will also mean the elimination of a bunch of old stars.

The religious issue did not enter in to the world series. That is to say the St. Louis team was not beaten merely because it was composed entirely of Cardinals.

The visit of Aimee Semple McPherson to England, has re-opened the dispute as to whether she was once kidnapped. High River man says she was not. Says he knows because he saw her.

A man has been arrested in Winnipeg charged with stealing a million dollars mission funds in, Georgia. We hold no brief for him, but he may have thought he could make better use of it in Winnipeg.

A policeman in Philadelphia banked \$37,000 in two years and a half on an annual salary of \$2,800. And indeed the chances are that he would have saved a great deal more if he had exercised some economy.

Tom Johnson, Labor M.P. for Dundee, who paid a visit to Canada, reports the anti-United States sentiment prevailing in this country. Cannot Canada reciprocate by sending some fool M.P. on a month's visit to the British Isles, so that he may report the anti-English sentiment in Scotland and the anti-Scottish sentiment in England?

Prof. Nicholas Murray Butler, a Republican, says he is going to vote for Hoover, although he approves of Smith's stand on the Volstead Act. His vote will be offset by some Democrat who will vote for Smith although approving of Hoover's stand on the Volstead Act. He may be a low-brow at that, but his vote will kill Prof. Butler's.

A Brantford magistrate fined a man for having an unopened carton of beer in his car in front of his office. He held that as it was on the street in front of his office, it was virtually in his office which is an illegal place. By purity of reasoning, that man could sit in his car on the street in front of his residence, which is a legal place, and drink the liquor legally. Of course, that is not the law. It is only a magisterial interpretation of the law.

An official in Maryland, who has had a lot to do in the way of prison reform advises that radio be placed in every cell. "But suppose some prisoner doesn't care for it? Of course he would not be obliged to use it, but the very sight of it might be offensive. Many a criminal has been apprehended through that medium, and he might regard it as a taunt. If criminals are to be mollified, we must exercise some discrimination."

A small boy never thinks he has a really good knife unless he cuts himself every time he uses it.

THE APPLE MYSTERY

The editor of the Ottawa Journal, is baffled by a mystery that baffles all of us. "Why are apples so dear?" This year there are 3,157,360 barrels in Canada—one third of a barrel for every man, woman and baby—yet, in spite of this they are five cents an apple in the stores. And on top of that, we hear that apple growers do not get enough to pay for their trouble. Then who gets it? We are told it is cost of transportation. Yet when we were motoring in the Okanagan, some time ago, we saw apples, apples everywhere, apples lying rotting. And when we got to Penticton we paid 25c for half a dozen apples. It can't be transportation. We wish these economists who are forever trying to explain things to us, would really address themselves to the problem of dear apples.

AN ABLE INDIAN

Chief Buffalo Child Long Lance is a product of Alberta, and a writer of distinction. Many of his articles are published in the Cosmopolitan and he has now completed a book which is called "Long Lance." It tells of his boyhood in the lodges of the Blackfoot in Alberta, of his boyhood training as a warrior, and the adventures of Indian life. It is considered to be a valuable contribution to the history of the Indian life. Chief Long Lance lives intermittently in Calgary, and is a very well known figure there. He is a Carlisle graduate and served most efficiently overseas.

CONSIDER THE CAT

It is suggested to those who wish to be healthy and graceful, that they consider the cat and its habits. We may not want silky fur and fine whiskers but we can have the equivalent. Pussy loves milk, and she always has had sense enough to appreciate liver, regardless of whether it was ten cents or a dollar a pound. She also demands a touch of vegetable food. Her stretching exercises are conducted with regularity. She knows the value of sun baths. And if some one will only proclaim that catnip contains all vitamins she may be ranked as the complete teacher.

VULCAN ADVOCATE
VULCAN, ALBERTA

WHAT IS CHIVALRY?

A father who punished his nine year old boy, for punching a classmate's nose, is at times in grave doubt as to whether he did the right thing. The point is, that the classmate was a girl, who regardless of everything but her own desires, seized upon the boys precious miniature field glass and declared that it was hers. She had to have her nose punched before she released claim. On the other hand the rightful owner was spanked because he was lacking chivalry. And the worried father, sees that he has implanted in his son the first seed of yielding to the "weaker sex." From now on little girls can rob him with safety. As he grows older ladies may break engagements with him, disregard him, annoy him, because his first teachings have been not to expect fair play from them. The father feels that chivalry has not so much to recommend it today as in the earlier ages. Girls are by no means helpless. They can support themselves. Then why must a boy with his first job pay for meals, dances and so on, in order to enjoy a girl's company. Chivalry demands. He continues: "If I had not spanked my son for hitting Sally on the nose, it would have been Sally who would have learned a wholesome lesson in consideration of others. But I would have been a despised man. On the other hand every time that I stand in a long queue of men and watch a woman barge up to the box office ahead of us, or every time a woman takes a seat I offer her without a "thank you," or every time a woman encroaches selfishly on business hours, I am so human that I shall bitterly regret having spanked my son because he hit Sally on the nose."

FLAG QUESTION TO THE FORE

C. R. McIntosh, Liberal member for North Battleford, and a newspaperman will introduce next session of the House a plea for a distinctive Canadian flag. He will not abandon the Union Jack, but he desires to have on the flag a distinctive Canadian design. They have it in New Zealand and Australia and Canada lacks any such insignia. We hope Mr. McIntosh succeeds in his efforts.

THE FARMER—GOD BLESS HIM

Those most of us familiar with the following quotation perhaps few realize that it must be credited to Dean Swift in Gulliver's Travels: "Whoever can make two ears of corn, two blades of grass to grow upon a spot of ground where only one grew before will deserve better of mankind, and do more essential service to his country than the whole race of politicians put together."

COMMUNITY PROGRESS

While this town has much to boast of as it considers past achievements, it would be sheer folly at this stage of its community development to rest content with past laurels and cease striving for further advancement. Vulcan's present high standing among centers of equal population has been won by foresight and aggressive policies in the past. This generation should be just as eager to assure an enviable future for the community as were those men of former generations who often fought a stiff up-hill fight to gain those things upon which the city's present prestige rests. Never before has this place been in such good position to go forward in rapid and substantial development as right now. It has all its pristine attractions plus many of its relatively recent acquisition. But to do the things that must be done if the community is to progress along desirable lines of commercial, industrial and residential expansion and betterment, there must be no diminution of that spirit of co-operation and willing effort on the part of a considerable number of citizens which has been manifested in all its past accomplishments. And just as men and women of vision and civic consciousness have always been available in the past, so will they come to the service of the community in future hours of need.

BIRTHDAY FELICITATIONS

President Beatty of the C.P.R., who recently observed his 51st birthday occupies one of the most important positions on the continent and since assuming management has done himself, the railway and the dominion, credit. That he is a man of vision is beyond question. The recent purchase of the Alberta railways in the great stretches of rich territory in the Peace River shows that he has confidence in the future of that country and desired the railroad to be a factor in the future development of that rich and fertile area. May he continue to manage the C.P.R. with the same success for many years as he has in the past, is the wish of all Canadians.

LADIES DIGEST THIS

Miss Leslie's Behavior Book of 1859, tells us: "It is unwise for ladies to attempt arguing with gentlemen on political and financial topics. Truth is, the female sex is as inferior to the male in vigor of mind as in strength of body. It is better for a lady to say too little in company than too much. Her conversation may be bright and witty but it should not always be so. An affectionate, complying and almost timid aspect, and a tender solicitude for those about her should be shown in a lady's whole person. Her face should breathe hope gentleness and satisfying."

CANADIAN CITIZENSHIP

A Manitoba member is concerned about Canadian nationality and he will present a resolution in the house that in official documents or in the census enumeration, Canadian shall be called Canadians and nothing else. All of which looks very reasonable. Canada is said to be a nation so why not be a nation in every sense of the word.

VULCAN SCHOOL FAIR

List of Prize Winners Continued from Last Week

Following is the completion of the list of prize winners at the Vulcan and District School Fair, the first portion of which was published last week. The necessity of dividing the list for two issues of the paper suggests the extent of this annual event and a perusal of the same will give an idea of the splendid division of the prizes among the many pupils of the numerous schools that participate and this distribution of a considerable amount in the aggregate is a feature which creates a general satisfaction and is evidence of the value of a school fair being realized to a real degree. The list:

Sewing—Hemmed Towel—1 Eleanor Jones, Vulcan; 2 Aileen Hill, Vulcan; 3 Isabel McBride, Union Jack; 4 Kathleen Stack, Vulcan; 5 Melba Stein, Mayview; 6 K. McRoberts, Sunny Glen; 7 Blanche Myers, Sunny Glen. Wash Cloth, Knitted—1 A. Hollman, Auburn; 2 E. Clifford, Reid Hill. Hand Sewn Bag—1 Roberta Todd, Reid Hill; 2 V. Clifford, Reid Hill; 3 Eva Warden, Reid Hill; 4 K. McRoberts, Sunny Glen. Knitted Scarf—1 R. Bourque, Ensign; 2 Melba Stein, Mayview. Slip Over Apron—1 M. Myers, Sunny Glen. Hemstitched Towel—1 I. Willette, Vulcan; 2 C. Duguid, Derry; 3 R. Wyllie, Twin Coulee; 4 S. Flueck, Twin Coulee. Article in Knitting—1 G. Gerard, Ensign. Article made from Flour Sack—1 Aline Gerard, Ensign; 2 Gladys Emery, Vulcan; 3 Irene Willette, Vulcan; 4 Gertrude Gerard, Ensign; 5 Marjorie Hill, Vulcan; 6 E. Gerding, Sandpit; 7 M. Johnston, Auburn; 8 Melba Stein, Mayview. Article made from Cent—gr. Gunny Sack—1 Constance Duguid, Derry; 2 Melba Stein, Mayview. Article made from Old Yarn and Rags—1 Roberta Todd, Reid Hill; 2 Jean Clifford, Reid Hill; 3 Hattie Wood, Highland; 4 M. Johnston, Auburn. Article of Wearing Apparel made from Old Clothes—1 G. Gerard, Ensign; 2 Clara Gold, Vulcan; 3 Aline Gerard, Ensign.

Garden Produce—Carrots—1 Helen Duguid, Derry; 2 P. Bert Parslow, Vulcan; 3 Harry Wismer, Vulcan; 4 Edith Linley, Vulcan; 5 Norman Fortier, Vulcan; 6 Christie McBride, Union Jack; 7 Louis Dingwall, Richmond Hill. Beets—1 Helen Duguid, Derry; 2 Edith Linley, Vulcan; 3 Lyle Hubbard, Sandpit; 4 Fay Steiner, Cottonwood Grove; 5 Harry Wismer, Vulcan. Parsnips—1 Louis Dingwall, Richmond Hill; 2 Gordie Dingwall, Richmond Hill; 3 Harry Wismer, Vulcan; 4 Stedman Parker, Ensign. Turnips—1 Helen Duguid, Derry; 2 Cecil Hubbard, Sandpit; 3 Edith Linley, Vulcan; 4 Lyle Hubbard, Sandpit.

Potatoes, White—1 Dorothy Cowell, Marshall; 2 Norman Fortier, Harvey; 3 Robert Galbraith, Boyne; 4 Charlie Andrews, Harvey; 5 Stanley Kehr, Highland; 6 Geneva Fortier, Harvey; 7 Eva Warden, Reid Hill; 8 Harry Wismer, Vulcan. Potatoes, Red—1 Kenneth Galloway, Boyne; 2 Lillian Clifford, Reid Hill; 3 Molly and Dorothy Sullivan, Kirkcaldy; 4 Lee Gossett, Reid Hill. Cabbage—1 Frank Wood, Highland; 2 Anna Spinkie, Union Jack; 3 Jack Marsden, Twin Coulee; 4 Billie McFarland, Cottonwood Grove; 5 Nina Fritzer, Marshall; 6 Stedman Parker, Ensign; 7 Helen Duguid, Derry. Peas in Pod—1 Viola Brown, Harvey. Mangel—1 Stedman Parker, Ensign; 2 Helen Duguid, Derry; 3 Harry Wismer, Vulcan; 4 Paul Cowell, Marshall. Onions—1 Mary Brown, Harvey; 2 Stedman Parker, Ensign; 3 Doris Brown, Harvey. Corn—1 Mary Brown, Harvey; 2 Doris Brown, Harvey; 3 Viola Brown, Harvey. Citron—1 Orville Roe, Vulcan. Sheaf of Wheat—1 Gregory Todd, Reid Hill; 2 Roberta Todd, Reid Hill; 3 R. B. Gerding, Sandpit; 4 R. Gerding, Sandpit. Sheaf Oats—1 Roberta Todd, Reid Hill. Sheaf Barley—1 Roberta Todd, Reid Hill. Sheaf Sunflowers—1 Allan Sinclair, Mayview. Threshed Wheat—1 Erma Mix, Reid Hill; 2 Paul Cowell, Reid Hill; 3 Stanley Shaw, Vulcan; 4 Sophia Flueck, Twin Coulee; 5 Jean White, Cottonwood Grove; 6 Olga Flueck, Twin Coulee; 7 Harshaw Galbraith, Boyne; 8 Louise Flueck, Twin Coulee; 9 Clarence Nelson, Thigh Hill. Threshed Oats—1 Stanley Shaw, Vulcan; 2 Gus Jensen, Twin Coulee; 3 Olga Flueck, Twin Coulee. Threshed Barley—1 Clarence Nelson, Thigh Hill; 2 Arlene Wallace, Vulcan; 3 Sophia Flueck, Twin Coulee.

Writing and Composition—Grade 1. Figures and Words—1 Helen Rebbe, Derry; 2 Gertrude Weirsmas, Vulcan; 3 Helen Kennedy, Peace; 4 Mary McCliment, Vulcan; 5 Monjou Baptiste, Vulcan; 6 Laurene Markert, Vulcan; 7 Annie Fofonoff, Vulcan. Grade 2. Figures and Words—1 Vera Streliaff, Vulcan; 2 Douglas Jamison, Vulcan; 3 Hannah Clarkson, Vulcan; 4 Stewart Campbell, Vulcan; 5 Wilma McKenzie, Vulcan; 6 Mildred Vian, Peace. Grade 3. Figures and Letters, and Lines from Reader—1 Mary Streliaff, Vulcan; 2 Ila Elston, Ensign; 3 Evelyn Peterson, Vulcan; 4 Ruth Peterson, Vulcan; 5 Harriet Gonyea, Boyne; 6 Polly Fofonoff, Vulcan; 7 Marie Clarkson, Vulcan. Grade 4. Figures and Letters, and Lines from Reader—1 Alice Adams,

Vulcan; 2 Esa Tuttle, Vulcan; 3 Helen Jamison, Vulcan; 4 Donald Nicholson, Vulcan; 5 Kathleen Stack, Vulcan; 6 Clarence Vian, Peace; 7 Laura Rebbe, Derry. Grade 5. Figures and Letters, and Lines from Reader—1 Ruth Grant, Vulcan; 2 Charles Thomas, Vulcan; 3 Netta Jackson, Peace; 4 Loo Jock, Vulcan; 5 Howard Deal, Vulcan; 6 Helen Duguid, Derry; 7 Arlene Hansen, Highland. Grade 6. Letters, and Letter of Fifteen Lines—1 Helen Markert, Derry; 2 Doris Simington, Vulcan; 3 Evelyn Phillips, Snake Creek; 4 Jeanette Smith, Mayview; 5 Gertrude Gerard, Ensign; 6 Doris Ruask, Ensign; 7 Eleanor Jones, Vulcan; 8 Helen Phillips, Vulcan. Grade 7. Letters, and Letter of Fifteen Lines—1 Minnie Emam, Vulcan; 2 Luella Weigh, Vulcan; 3 Sophia Flueck, Twin Coulee; 4 Ford Fisher, Vulcan; 5 Nellie Wood, Highland; 6 Hattie Wood, Highland; 7 Doris Brown, Harvey. Grade 8. Letter of Twenty Lines—1 Jean Warden, Reid Hill; 2 Jean Clifford, Reid Hill; 3 Aline Gerard, Ensign. Grade 2. Mount Picture—1 Cecil Hubbard, Sandpit; 2 Cecil Gerding, Sandpit; 3 Lyle Hubbard, Sandpit; 4 David Irwin, Richmond Hill. Grade 3. Composition Note Book—1 Addie Mundy, Boyne; 2 Vera Streliaff, Boyne. Grade 4. Composition Note Book—1 Mary Streliaff, Boyne; 2 Laurine Bolt, Cottonwood Grove. Grade 5. Composition Note Book—1 Eileen Gerding, Sandpit; 2 Hazel Crick, Sandpit. Grade 6. Composition Note Book—1 Doris Ruark, Ensign; 2 Gertrude Gerard, Ensign; 3 Mona Hanson, Highland. Grade 7. Composition Note Book—1 Joe Gerding, Sandpit; 2 Hattie Wood, Highland; 3 Raymond Gerding, Sandpit; 4 Doris Brown, Harvey. Grade 8. Composition Note Book—1 Margaret Hanson, Vulcan.

Art and Industrial Art—Grade 1. Models in Plasticine—1 Ardell Haza, Vulcan; 2 Monju Baptiste, Vulcan; 3 Gus Jensen, Twin Coulee; 4 Greta Weirsmas, Vulcan; 5 Annie Fofonoff, Vulcan; 6 Mary McCliment, Vulcan. Grade 2. Crayon Landscape—1 Greta Weirsmas, Vulcan; 2 Avis Deal, Vulcan; 3 Mary McCliment, Vulcan; 4 Lola Bateman, Snake Creek; 5 Gladys Anderson, Vulcan. Grade 1. Doll Furniture—1 Rushfeldt, Highland; 2 Helen Wood, Highland; 3 Hugh Bancroft, Highland; 4 Marjorie Kehr, Highland. Grade 2. Models from Plasticine—1 Jack Snowden, Twin Coulee; 2 Patricia Shaw, Vulcan; 3 Robert Smith, Vulcan; 4 D. Jamison, Vulcan. Grade 3. Flower and Leaves in Crayon—1 Hannah Clarkson, Vulcan; 2 Thomas Irving, Union Jack; 3 Mary Irving, Union Jack; 4 Jeanette McQueen, Vulcan; 5 Mildred Vian, Peace; 6 Eva Johnston, Auburn. Grade 2. Doll Furniture—1 Reta Bourque, Ensign; 2 Reoni Couture, Ensign; 3 George Bateman, Snake Creek; 4 Lyle Hubbard, Sandpit. Grade 3. Flower and Leaves in Crayon—1 Tommy Clifford, Reid Hill; 2 Godfrey Vigne, Vulcan; 3 Eileen Hill, Vulcan; 4 Mary Streliaff, Vulcan. Grade 3. Running race, lady teachers—1 Velma Richardson, Sandpit; 2 Maude Shaw, Harvey.

GARNET AND REWARD

Mr. L. H. Newman, the Dominion cerealist, is well pleased with the information which he has secured from the west regarding Garnet and Reward. He himself has toured the West this fall to ascertain actually the success of these two new varieties. Reward and Garnet are the result of years of effort that the experimental farms of Dominion Agricultural Department, have been making to evolve varieties which would possess a high standard of milling quality will yield abundantly and will ripen under the varying conditions of western climate. These new developments in wheat varieties make possible a greater expansion of the wheat growing area of the Dominion. Garnet wheat was this year observed growing in all parts of the prairie provinces and in the Peace River, where till 1903 it was considered that wheat would not grow. The Garnet matures earlier than most varieties and this year on that account, it escaped damage by the frost that injured immature wheat.

SHOOTING ACCIDENT

Edward Obray of Blackie District Accidentally Shot and Killed While Out Hunting

An attempt to pull his gun out of a two wheel cart by the barrel, while coyote hunting, resulted in the death of Edward Obray, Blackie.

Obray had been hunting coyotes with his cousin, Ray Tellison, Blackie about eight miles east of Blackie. About 5 o'clock they had caught sight of a coyote and had turned the dogs loose. Obray reached for his gun, and in pulling it forward, the hammer was tripped and then released, allowing the charge to enter Obray's body.

He was immediately taken to the High River hospital, where everything possible was done for him by Dr. Murray, Blackie. Efforts, however, were futile, and Obray died shortly after 7 o'clock Friday morning.

Edward, who was 26 years old, was a native of Alberta, his father and mother residing in the old town of Brant, about 20 miles east of the present-day High River, about 30 years ago. When the railroad was built, the family moved to High River and a few years ago moved to Calgary, where they reside at 206 Fourth avenue east.

He is survived by his father and mother, Mr. and Mrs. Charles Obray; three sisters, Miss Ida of Kansas City, Mrs. Jennie Johnson and Miss Mabel of Calgary, and by five brothers, all of Calgary and district, Allen, George, Bryan, Gordon and Russell.

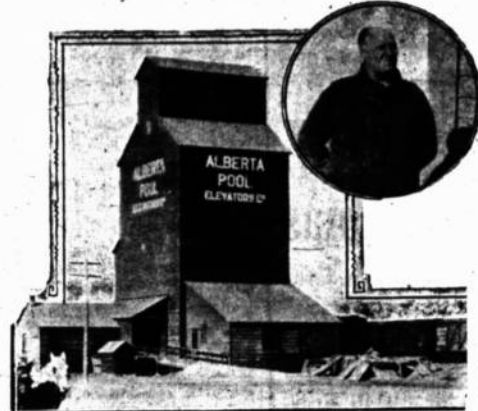

This year Edward had been on the Blackie baseball team and had played for High River last year. The funeral service was held in the Mormon church at Frankburg, by Bishop Frank, on Sunday afternoon, interment being made at the Mormon cemetery there.

ANOTHER SHERLOCK

Edward Heinrich of Berkeley, California, in the remarkable solving of mysteries is regarded as a very worthy second Sherlock Holmes. One case alone may show his skill. Three trainmen were murdered and a mail clerk cremated in a tunnel. An explosion which set the train on fire, also filled the tunnel with fumes. The crime took altogether ten minutes, yet the Southern Pacific train was robbed and the robbers escaped clear. In escaping they had left a magneto from which the charge had been fired, a knapsack and a pair of dirty overalls. An automatic pistol from which visible numbers were erased, was also found. Finally after being frustrated, the police turned the case over to Dr. Heinrich. He found that spots on the overalls were gum from pine trees. This released one suspected garage man. Using the size and cut of overalls, the detective judged the build of the owner. Under the left hand flap were deposits of pitch showing the owner had removed his clothes with the left hand. The right side was clean. He was left handed. In the right hand pocket of the overalls were chips of Douglas fir, showing approximately the region in which the man had been employed, probably as lumberman. Salt was found in small quantities from the knapsack. This was salt from cattle lick. The knapsack had been picked up from some ranching outfit. A cowboy's hat was found near the tunnel. In it were found parts belonging to the magneto. Apparently the hat was a rendezvous. A towel also was found and under the microscope the towel revealed whisker cuttings from three faces. Out of apparently a clueless crime Heinrich produced a picture of three possible men. On the automatic were found a few hidden numbers, which helped to connect the pistol with Ray D'Antremont. But Hugh D'Antremont was the first to be captured by the clues furnished. He was taken in the Philippines. Later his two brothers were taken and confessed. Hundreds of such cases have been solved by Heinrich.

LAUDS POOL SYSTEM

"The Prince of Wales is among the 144,000 farmers who have escaped the speculator." This announcement appears prominently in this week's issue of "Forward," a Glasgow Socialist paper, which is edited by Thomas Johnston, a Labor M.P. who recently visited Canada. The caption precedes an article by Johnston in which the writer refers to the Canadian wheat pool as "the world's greatest experiment in co-operation and one of the most interesting social and economic developments of our time." Johnston claims that under the wheat pool system the individual farmer has disappeared and he cites the pool as a conclusive argument against the idea that competition is the life of trade, declaring the pool is a blow against "the assistance or interference of a speculator or middleman." Johnston even quotes Premier Baldwin in support of his enthusiasm for the wheat pool, and adds that the farmer enjoying the privilege of membership in such an organization will soon be able to finance his operations without assistance from the banks.

Wheat Pool Elevator, No. 1, Vulcan, which established the handling record of Pool Elevators in the Province last year. Insert is the photo of Mr. E. G. McLean, the local manager.

ENSIGN NEWS

Mr. and Mrs. R. McLeod and daughter who have been at Ensign looking after their farm interests, left on Monday evening the 22nd, to their home in Owen Sound, Ontario.

The next meeting of Women's Institute will be held at the home of Mrs. J. Ferguson on Wednesday afternoon 2:30 on November 13th instead of the 6th as stated in last week's announcement.

The Rev. Stanley Hunt from Champion will speak at Ensign school, Sunday afternoon, October 28 at 3 p.m. Sunday school will be conducted as usual at 2:30 by Mrs. A. Smith. All are welcome.

Mr. W. K. Burrell who was in the employment of Mr. E. A. Elston, left for Didsbury on the 21st.

A Halloween silver tea will be held in the Pool Hall on Wednesday afternoon at 3 p.m. October 31st by the Ensign Women's Institute.

Friends of Master Alvin Ruark will be pleased to hear he is progressing favorably after his operation at the General Hospital, Calgary.

BERRYWATER NEWS

Fowl supper and concert at Berrywater, on Friday, November 2, under the auspices of the U.F.A. and U.F.W.A. Dance following the concert.

The September meeting of the U.F.W.A. was held at the home of Mrs. R. Herdman on the 12th. The attendance was rather small, and Mrs. H. Douglass presided. Several items of business were brought before the meeting but decisions concerning them was postponed until a later better attended meeting. Mrs. H. Douglass gave a very interesting and instructive demonstration on making vegetable flowers. The meeting adjourned after which an enjoyable lunch was served by the hostess.

The U.F.W.A. met at the home of Mrs. Donald Sinclair on October 17th. A large number of members were present also some visitors. Mrs. H. Douglass was in the chair. The secretary read two letters concerning dues owing the constituency association, and Mrs. Green moved that these be paid. The amount of fifty-eight dollars was received from the U.F.A. picnic committee as this is the U.F.A.'s share. After considerable discussion it was decided to hold a fowl supper and dance at Berrywater school on Friday, November 2nd. Various committees were appointed to take care of the details. A quantity of canned fruit was collected for shipment to the Woods' Home at Calgary. Mrs. Mills gave an item of interest. Then after Roll Call and a closing song, the hostess served lunch.

KIRKCALDY NEWS

Mrs. Jos. Meyers and Miss McFall spent the week end at Calgary.

Mrs. Chugg from McLeod is visiting at the home of her son, George.

Mr. and Mrs. Fox and Mr. and Mrs. Mawer motored to Nobleford on Sunday.

Mr. John Fox and Mr. Edgar Chugg left for Peace River on Sunday night.

Mr. and Mrs. Roscoe Wicks and family left Saturday for Courville, Idaho.

The Todd brothers were called to Edmonton on Tuesday to attend the funeral of their brother-in-law, Mr. Oldenburg, who died suddenly after a short illness.

ANTRIM NEWS

In a fast and close checking basketball game, played here on Saturday October 20th, the Antrim boys basketball team smothered the Arrowwood High School by the score of 12-0. Antrim were full value for their win. They played a clean, fast combination game, and kept up a stiff defence at the same time. The Arrowwood boys were rather surprised to find the score 7-0 at the end of the first period. They endeavored to check the assault of the Antrim boys but found that they were playing a well-oiled machine. Hugh and Harry McCullough were stars for the Antrim team, dividing the scoring honors between them. Melvin Bowman was Arrowwood's best player.

THE GEORGIANS

The Georgian Singers and Players of Vancouver, made their third visit of the year to Vulcan this week and met with a most enthusiastic reception. John F. Edmondson, the director of the group, is a humorist with a style all his own. His droll manner of suggesting that the second numbers are more interesting than the first, has the effect of getting the audience with him right at the start, and his method of introducing the other numbers is both dignified and amusing. He keeps everyone in best of humor with his anecdotes and local tit-bits. Added to this he has a resonant baritone voice which he uses with full style and finish. Altogether a very fine artist and entertainer. The other members of this fine group are equally interesting.

Isabell Jolliffe, the Scottish soprano, is her old sweet self and is singing even better than on her last appearance. In her Scotch selections she is in a class by herself, a real artist is this girl. Gloria Witton is the pianist and this year she plays with fine rich tone and was most successful in a splendid medley. She is the possessor of a contralto voice of great beauty which was heard to advantage in several songs. We predict a great future for this young lady. Horace Chapman is a young tenor with a voice that reaches the heart. He sings the sentimental ballads with nice taste. His singing of the old favorite "Macaula" was a rare treat. Willions Kennedy has a bass voice of a depth and beauty seldom heard. His singing of Asleep in the Deep and Hame O Mine made a deep impression on his hearers.

The second part of the program was somewhat different from the ordinary style of concert. All the artists had speaking parts which they carried off with distinction and Mr. Edmondson showed himself master of negro dialect and kept the audience convulsed with his back-fire talk and dialogues, especially those with Mr. Kennedy.

The writer understands that this company is intending visiting the British Isles at the end of this season and has no hesitation in saying that they will be a great success over there, as he thinks they are about the finest group of entertainers ever heard in Vulcan. Mr. Edmondson paid the audience a nice compliment when he said they were about the nicest people he had ever entertained and he assured the writer afterwards that it was a sincere expression of his feeling. Let us hope these artists will visit Vulcan again.

IN COLD BLOOD

He had choked her—She was dead—there could be no doubt about that. He had listened to her dying gasp.

Now she was cold—cold as the hand of death.

Yet in his anger he was not convinced. Furiously he kicked her. To his amazement she gasped, sputtered and began to hum softly.

"Just a little patience is all it takes, John," remarked his wife from the rear seat.

FOR SIX FOOTERS

A new club of a most exclusive nature is being organized throughout Canada. It is the Daddy Long Legs Club founded in 1926 and the membership is restricted to men at least six feet tall. It has many flourishing branches in America, and the other evening a thousand six-footers met in Toronto, to form a club there. The purpose of the club is to make the world safe for the long guys. Many things have to be set right. Hotel beds must be made longer, sheets and blankets never cover the situation. Pullman berths demand that an oversize man fold up like a jackknife. Awnings crack their skulls. When

HAVE TIME TO THINK

Why is it so taken for granted that it is a handicap to be taught in rural school? The Catholic Register takes issue with this general attitude. It says "In rural schools, the pupils get time to think, while the teacher is engaged with another class. In the graded schools, there is little time for silent effort to solve problems, or to analyze a sentence without the help of the teacher. There is not sufficient independent work in the graded school, and as a result the teacher is apt to fall into the habit of assisting too much and talking too much." Rural schools should produce independence and perseverance to a greater degree than the graded.

PULL OF THE PLOUGH

When old-fashioned ploughing matches draw 35,000 spectators in one day and 100,000 for the tournament, it is a sign that the virile days of a quarter century ago, are still regarded with respect. Fully 35,000 people gathered to witness the opening day of the match on the Carmichael farm near London, Ontario. The old plough fans were critical of all technical points such as the strike, the angle, the pointing and the finish. And even the amateurs could judge the straightness of the ribbon like furrows. Competitors were of all ages, and the contest open to 65 year-olds and over, was won by a man of 81 years. Joe Young, Indian, fifty-six years of age, was declared champion ploughman of Middlesex County.

A farmer writes his life on the face of the soil.

Inspires Pride

WHEN you realize what tempting coffee the Hotpoint Percolator makes you'll feel genuinely proud of it. And your pride will increase when you use it to entertain your guests, for the Hotpoint Percolator is as beautiful as it is useful. Your Hotpoint Dealer can show you several styles—but the quality of each is the same—the best. The Hotpoint way is the modern way of making coffee.

EDITORIAL
The average boy sees
Halloween approach with
gleeful anticipation, while
the average adult and
property owner look for-
ward to it with fear and
trembling. However it is
certainly a hard hearted
individual who will be-
grudge the boys a little
harmless fun—so long as
it is harmless.

FEED GRINDER TIME
Well fed stock brings
more on the market. Feed
them your own way with
feed that you have found
pays best, ground with
your own Vessot Feed
Grinder.

The most impolite thing
we know of is the tele-
phone.

RESEMBLANCE
"A fellow just told me
I look like you."
"Where is he? I'll knock
his block off."
"I killed him."

It isn't the shortness of
a skirt that counts; it's the
upcreep.

"Salesman eh? What do
you sell?"
"I'm a seller too."
"Shake."

Some "easy payments"
are in the same class as
"painless extractions."

The boy stood on the
burning deck,
The deck was made of
lumber;
Said he I can't jump in
the sea
The shark have got my
number.

GO GETTERS
Vulcan is fortunate in
having men who put
things over instead of
thinking things over.

RACING TIME
A farmers work is al-
ways a race against time.
A good tractor is always
ready for emergencies. A
McCormick - Deering
Tractor takes away a lot
of drudgery and makes
farm life happier, as well
as more profitable.

One farmer was in last
week, he says he does not
have to worry any more
about running water since
he installed his McCor-
mick - Deering Kerosene
Engine. We have them in
one and one-half, three,
six, and ten horsepower
sizes.

FOR A FEW CENTS
A McCormick - Deering
Kerosene Engine will—
Saw one cord of wood.

HEALTH AND BEAUTY

A healthy woman is always good
to look at, even although she may
have no particular claim to beauty. A
clear skin, bright eyes, vital hair,
and a well-set-up figure cannot fail
to attract, and this can be obtained
by guarding your health. Doctors
advise the daily drinking of at least
six tumblers of water, one first thing
in the morning, and one last thing at
night. The water helps to cleanse
out the system, leaving it thoroughly
drained of all impurities. The best
foods to eat are green vegetables,
fruit of all kinds, including oranges,
lemons and apples, eggs, milk, but-
ter, fish, and wholemeal bread. In
winter the daily diet should include
fat in some form or another. Diet
experts agree that meat is not a ne-
cessity. Fish is a good and sufficient
substitute.

With the first chill winds of au-
tumn many women insist on heaping
on extra clothes, but this is not the
best way to avoid that shivery feel-
ing. The clothing both for summer
and winter should be sufficiently por-
ous to enable free action of the skin
to take place. Fifty years ago it was
customary to wear six or seven under-
garments, three or four of which
were composed of flannel. To-day
our clothing is much lighter and scan-
tar, and everyone agrees that we are
the healthier for it. The best plan
is to wear light underclothing, and
don heavier outer clothing when the
weather is cold. So that the skin can
play its part in the right way, it is
necessary to wash frequently. If the
pores are allowed to get clogged up
with dirt or perspiration little pim-
ples will result. To avoid this, wash
thoroughly first with warm water,
and then rinse liberally with cold. It
is not too often to bath every day,
but hot baths should be taken just be-
fore going to bed.

For health literature write to the
Red Cross Society, 407 Civic Block,
Edmonton, Alta.

Speaking of Lloyd George, the
editor of the Orillia Packet, who visited
England recently, thinks he has lost
his grip. He is still leader of the
Liberal party because at present they
have no one acceptable to guide the
affairs of the party. His war record
is about his only asset of value, out-
side his ability as a platform orator.
The rank and file over there have
faith in Stanley Baldwin who can be
trusted to give sane government and
who can stand the attacks of extre-
mists no matter what they call them-
selves.

ORATORY CONTEST

Announcement is made that Alber-
ta school students in Grades IX, X,
XI and XII, whether in high school
or public school continuation classes,
will take part in the International
Oratorical Contest (Alberta Division)
in 1929. Alberta students first entered
in the International Oratorical
Contest last winter, and Miss Mar-
garet Kinney of Edmonton, was the
winner. She was sent down to Tor-
onto for the Canadian finals where
she made a splendid impression. More
than three hundred students took part
in the preliminary competitions in the
last contest and it is expected that
more than five hundred will take
part in the preliminaries for 1929.

The winners in the individual
schools must be determined on or by
December 15th. The district winners
on or by February 15th. The four-
teen district winners in Northern Alber-
ta will meet in Edmonton during
Easter week and the fourteen in
Southern Alberta will meet in Cal-
gary the same week. The finals will
take place in Edmonton a little later
and in May the winner will be sent
to Toronto for the Canadian cham-
pionship.

The expenses of the district win-
ners, who are to go to Calgary or to
Edmonton, are paid by the sponsors
of the contest in Alberta. These win-
ners also receive a \$10 gold piece,
and the runner-up in each district
will receive a \$5 gold piece. The win-
ner in the Alberta finals receives
\$200 and a free trip to Toronto and
a chaperone, if a girl, and the runner
up in Alberta receives \$50. Each
school, producing a winner, is given
two recommended books.

There are no formalities connected
with students entering, except that
the coupon must be filled in and sent
either to The Journal or The Herald.
The contest is strongly endorsed by
Premier Mackenzie King, Hon. R. B.
Bennett and other leading Cana-
dians, for two reasons—one that it
promotes among our rising genera-
tion facility in public speaking and
the other that it spreads throughout
the Dominion a sounder knowledge of
Canada and Canada's future.

For the 1929 contest, four subjects
are permitted the students, instead of
one in the last contest. These sub-
jects are: Canada Among the Nations,
The Unification of Canada, The
Peoples of Canada, Canada's Econo-
mic Problem.

The contest is sponsored in South-
ern Alberta by the Calgary Herald,
and in Northern Alberta by The Ed-
monton Journal.

EPIC OF RUTABAGA BILL

Mr. P. M. Abel, editor of the Coun-
try Guide, has in the latest issue, a
most interesting story of "Dad"
Fletcher. It is entitled "The Epic of
Rutabaga Bill" and opens in this
fashion: "To bear a nickname is to
be distinguished. The public confers
titles only on those whom it has learned
to respect. Babe Ruth, Buffalo
Bill, Bobbs, Red Michael. What then
shall one say of the distinction achiev-
ed by W. H. Fletcher, whose patrony-
mic has been twice discarded for nick-
names. In the American North-West
he was first slyly christened and lat-
er, respectfully acknowledged as
"Rutabaga Bill." Starting life all
over again in late middle age, he has
become "Dad" to Southern Alberta."

While no name is more familiar
than that of "Dad" Fletcher, yet to
many of us it comes as a surprise
that Mr Fletcher is also "Rutabaga
Bill," or was in Washington.

The writer of the story in happy
mood, recounts the fascinating story
of Dad's life, or at any rate, gives
glimpses of high spots. His varied
career would satisfy any school boys
desire for thrills.

His father and stepmother were
shot by Indians at Sioux City. This
was the boys' introduction to the
realities of life. When still almost a
baby, he started his money making
by showing a dime show outfit at St.
Pauls. Demobilized soldiers from
the Civil War were pouring west and
the peep show was a money maker.
Dad says he has never made money
so fast or so easily since.

Next he ran away from home and
lived with Indians for several months.
But teepee life became monotonous
and as he had learned a good deal in
the way of tumbling, acrobatics and
entertaining he turned to barnstorm-
ing through Wyoming towns. These
were the days of Wild Bill Hickock.
He joined up with a troupe of per-
formers, and was soon pressed into
service as a fiddler. The fiddle was
something he was not prepared for,
but hours of instruction in chording,
put him in shape to charm the uncer-
tical cowboys. This was the beginning
of his fiddler's reputation. At this
time he felt the urge to return to the
land, so for a while he wrestled on
Dakota soil. But after several fail-
ures of crop, he quit Dakota and
started west with a freighting outfit.

The boss freighter was not a success.
On the high plateaus of Montana, he
told Dad and the others to "beat it."
They beat it to the nearest spot
which was a cavalry post. Here they
enlisted, but that was a temporary
expedient. Westward ho! was his
watchword and making an unobtru-
sive exit from cavalry life, he landed
in the Columbia Valley, Washington.

Here for 31 years, he settled down
and labored at sawmills then as far-
mer, and here he earned his title of
"Rutabaga Bill." While everyone
was thinking lumber, he thought of
garden stuff to feed the lumber mill
employees. From a small patch,
worked at in off hours, year after
year, the truck garden expanded. It
was the best pay streak in the com-
munity. But others began to follow
suit. "Rutabaga Bill" was the found-
er of an industry.

The wave of Alberta enthusiasm
which swept over the country in 1906
caught Dad Fletcher in its toil. He
and his son, homesteaded at Brant.
They brought with them a steam
tractor, trailing a dozen plows,
which was the last word at the time
in motorized farming.

The local public is more or less
conversant with Mr. Fletcher's pro-
gress in Alberta, but to outsiders
these years will prove as thrilling
reading as any part of his career.

Mr. Abel in concluding his article
says "Dad Fletcher's burly frame
has signed a truce with old age. But
from his eyes, shines the personality
which warmed red men and white, a
personality which years cannot erode.
More than any man I know of, his
life story is the story of Alberta's
yesterdays, and his farming methods
are those of her tomorrows."

X RAY IS USUAL

X-ray photography has advanced
from the laboratories to the work
shop. Many large firms have x-ray
established as part of their routine
outfit. In factories where the slight-
est flaw in machinery may mean
dreadful losses of life, every valve
and part is tested by x-ray, so that
no flaw may be found. Big naval
guns and explosions are also care-
fully examined, and the wood used in
airplane construction is tested for
knots or worm holes. Since a costly
lawsuit rose over the finding of a
piece of glass in some candy, one
manufacturer submits every choco-
late to the x-ray before putting it
on the market. Another manufactur-
er has his tooth brushes inspected in
this way. But the grandest result is
in the production of greater chickens
and better eggs, by submitting hatch-
ing eggs to an x-ray exposure. Many
of the hens hatched from ray-treated
eggs were super-hens in every re-
spect.

A GOOD OLD HEN

Here is a female that is justifying
her existence. A White Wyandotte
hen belonging to Thomas Hill, Pon-
oka, has completed a trap nest re-
cord of 243 eggs in 365 days. The 243
eggs averaged 2 1/4 ounces. The lady
weighs 7 pounds, and her owner has
refused \$75 for her.

The Ku Klux Klan

Supreme Officer of Invisible Empire
Speaks at Vulcan

Vulcan in many ways has been accorded distinction and given some uncommon privilege. Public meetings under the auspices of the Ku Klux Klan have been very few in this province, and one of these was held last Sunday night in Vulcan. The opera house was not of sufficient capacity to accommodate the people who came to hear the representative of the order that would appear to be regarded as something of the mysterious. The chairman, unknown and unannounced in a short address, spoke of the history of Klans of the kind which possessed antiquity, and were in their day organized for definite purposes, and when the objects had been attained they passed out. The organization of today, as affecting Canada, was in a like position.

Mr. A. J. England, designated as the Imperial Caliph of the Invisible Empire Knights of the Ku Klux Klan of Canada, was the chief speaker. Mr. England exhibited a frank manner of speech, and his interesting delivery and the subject under discussion were sufficient to maintain the unbroken attention of the capacity audience. His was a plain statement of the aims and operations of the organization which he described as being Protestant and British one hundred per cent, and voluntarily obligated to the support of law and order and to render assistance to officers of the law in the proper performance of their duties. It was not the intent or the practice of the Klan to take into their hands the administration of any regulations, but rather to exert that immense influence which it was claimed the order possessed to the advantage of the community, the province and the dominion. Cases in number were cited in support of the contention. The Klan entered into conflict with no person on account of their faith, but were opposed to the aggression of religious bodies in the matters of state. One public school system was advocated. Many of the planks in the platform of the organization were the same or similar to those supported by other bodies, but there was a great difference of method to the end desired, and cases were presented to substantiate the effectiveness of a power that sometimes is not even recognized outside of the order. The subjects which were particularly stressed as having the present attention of the Klan were that of the drug menace and selective immigration. Being from B.C. and Vancouver, the speaker was intimate with conditions, which he claimed obtained to a degree throughout the entire country. Police were in a number of instances in cahoots with the underworld operators, and these officers were given consideration also through the channels of the K.K.K., who exercised a protection to the innocent but who are in pursuit of the malefactor. Racial integrity was the theme of his discussion of the immigration problem, and briefly stated, the object is to maintain Canada as a white man's country. It was stated that in the capital city of Ottawa, likewise in the town of Vulcan, it was next to impossible to purchase a meal that was not in some manner handled by foreigners. The immigration question was not in any manner confined to the Klan organization, but was one that is just now exercising all Canada.

The Imperial Caliph told more of the detail of a Klan than is permitted to be divulged of any of the numerous other lodges, and there were bits of humor in his description of the blind-folded candidate making his way with uncertain step in some of these institutions. It was quite different with the Klan, into which the candidate entered with eyes wide open, and vision chiefly attracted by the open Bible on the altar, two Union Jacks and a fiery cross. The speaker instanced the open performance of the entire initiation ceremony with thousands of non-members as spectators. In this connection the use of the white caps and robes were explained. These are used to maintain the chief secrecy of the order, that of the membership. Until a candidate has taken the obligations that make him a full-fledged member he does not know with whom he is

associated. No member is permitted to divulge the membership of any other person, and there was the intimation that in this there was a great strength to the organization. The Imperial officer gave strength to the suspicion of the existence of a Klan in Vulcan, when he suggested that one did not know who were Klansmen in town or country. The mystery of membership, is then, the only secret, according to information given.

No doubt there was a diversity of anticipation on the part of the many who made up the big audience, but certain it is that Mr. England handled his subject in splendid manner, rendering information to all and giving offence to none. There was a question period, and one evidently prompted by an inference of statements made, got the reply from the speaker that he did not know of anything wrong with conditions at Vulcan. The meeting closed with the singing of the National Anthem, and the officials of the K.K.K. went their way without any appearance of even an acquaintance in Vulcan.

ITEMS OF INTEREST

Extension to the Hudson Bay Co.'s neighborhood of one million dollars. store at Calgary will cost in the Officials of the Trail Smelter are willing to assist farmers residing along the border of Canada for damage done by fumes to their crops.

The lowest elevation of southern Alberta is at the Red Deer river near Empress and is 2000 feet above sea level. The highest is Mt. Columbia which reaches 12,294 feet. A difference of altitude of 10,000 feet between east and west.

The Calgary Power Co. is considering the question of taking up a franchise with the town of Magrath and providing the inhabitants with water. The source of water supply will come from wells.

"Sure," remarked Mike. "We shave altogether different in America than we do in Ireland. Here we mix the lather; there we lather the micks." Autopsy to be held early.

pictures will do more than water the roots of patriotism. They are its life-blood.

The Dominion grant to provinces for roads and highways has ceased and it is felt that in these days when roads are used more than ever it is no time to lay off on federal aid. A resolution will be presented the Federal House to consider the advisability of continuing the grant for another five years.

The custom of holding church anniversaries followed by fowl suppers never grows old or out of date. The season of holding these inspirational and social functions is again at hand. They bring old and young of the community together to renew acquaintance and should serve as the beginning of church and community work for the winter months.

A select herd of fancy young cattle Alberta's finest will be shipped East shortly and shown at the Toronto Royal Show and Later at the Chicago International Show. There will also be a sheep exhibit from Alberta and no doubt horses. Last year Alberta made notable winnings at Chicago and no doubt they will repeat the success of last year.

Information comes that one of Parslow & Denoon's cattle buyers decamped with \$27,000 of the firm's money that he had obtained to buy cattle with in the country north of Calgary. He brought forged contracts to the firm's office and then proceeded to the shipping points and lifted the money sent there to complete the purchases. When the cattle failed to arrive, the company began investigations, but their man had skipped.

MRS. CHARLES HAMPTON
International Lecturer of the Theosophical Society, who will lecture in Vulcan on Monday night.

ITEMS OF INTEREST

Habitual liars have entered upon their annual rest. The fishing season closed on Monday last.

On October 31, Macleod is celebrating with a big function under the Board of Trade, the completion of the gravelling of the Blue Trail to the boundary.

Mrs. Edith Chilström of St. Louis, testified in her divorce suit that her husband was always petting his white mice, but never had a kind word for her.

The man who leaves a loaded rifle lying around camp or standing against a tree or fence is a menace to the safety of the whole party. He is dangerous. Look out for him.

Since the commencement of wheat shipping on August 1 till October 11 more than double the volumes of wheat has been handled than was handled last year in the same time.

Manitoba is issuing 1700 old-age pension cheques the end of October. The pensions are at the rate of \$20 a month. There are still nearly 2000 claims for pensions to be investigated.

Mr. C. Yule of Carstairs has purchased and brought over some fine Shorthorn cattle from Scotland. They will offer for sale to cattlemen 18 bulls and 17 females of some of the famous old Scottish herds.

Uncle Sam imported 200,000 turkeys from the Argentine. Canada being next door neighbor should be able to raise a lot more turkeys and find a market for them. We should be able to meet the requirements of Uncle Samuel in the matter of turkey, instead of bringing food all the way from South America.

While United States is pointed out as a great object lesson in the faults of an open door policy in immigration, yet it is a fact that the state of Massachusetts with an enormous foreign population has the lowest per capita homicide rate, while the cities of the Southern States with the smallest proportion of foreign people, has a staggering homicide rate.

A Canadian who has spent a number of years travelling about in the roughest most lawless parts of Europe, who has bedded down in villainous huts in out of the way places, told us recently with amusement, that the only place in Europe where anything was stolen from him was in Geneva. Geneva is the "God's country" of that part of the world, and to complete the irony the article stolen was a watch "made in Geneva."

Ontario required \$10,000,000 this summer and the provincial treasurer went to London instead of New York to get it. Since the war most Canadian loans have been made in New York, but after getting the Ontario loan on such excellent terms from London, Premier Ferguson hopes that all provinces requiring loans may attempt to secure them in London. The most impressive feature is that Britain is in a position where she has money to lend, even to Canada, which has been regarded of late as the financial preserve of Wall Street. The Motherland is paying her own and her allies debts—and yet everywhere lending money.
